Medical Library NOV 9 1942

CURRENT LIST of MEDICAL LITERATURE

Vol 3 November 5, 1942 No.19

Subject Groups According To Journals

1. Anatomy; Histology
2. Anthropology; Ethnology
3. Archeology; Paleontology
4. Aviation Medicine
5. Bacteriology; Parasitology
6. Biology; Embryology
7. Bone; Joint; Extremities; Muscle
8. Cancerology
9. Cardiovascular System
10. Chemistry; Physics
11. Dentistry; Stomatology
12. Dermatology
13. Diagnosis; Clinical Methods
14. Dietetics; Foods; Nutrition
15. Digestive System
16. Endocrinology
17. Forensic Medicine; Toxicology
18. Genetics; Eugenics
19. Gynecology; Obstetrics
20. Hematology
21. History; Biography; Bibliography
22. Homeopathy; Osteopathy, etc.
23. Hospitals
24. Immunology; Serology
25. Industrial Hygiene; Sociology
26. Infectious Diseases; Epidemiology
27. Medicine
28. Metabolism
29. Military and Naval Medicine
30. Miscellaneous
31. Neurology; Psychiatry
32. Nursing
33. Ophthalmology
34. Otorhinolaryngology; Phoniatry
35. Pathology
36. Pediatrics; Child Welfare
37. Pharmacology; Pharmacy
38. Physiology
39. Psychology; Mental Hygiene
40. Public Health; Sanitation
41. Radiology; Phototherapy
42. Respiratory System
43. Surgery; Traumatology
44. Therapeutics
45. Tropical Medicine
46. Tuberculosis
47. Urology
48. Venereal Diseases; Sexology
49. Veterinary Medicine
50. Zoology

Privately published under the auspices of the

MEDICAL LIBRARY ASSOCIATION INC.
and the
FRIENDS OF THE ARMY MEDICAL LIBRARY

6. Biology; Embryology

Ann. Appl. Biol., Lond., 1942, 29: No. 3,

WOODMAN, R.M. The nutrition of lettuce. 213-8.
CARTWRIGHT, K.S., & FINDLAY, W.P.K. Principal decays of British hardwoods. 219-53.
GLYNNE, M.D. Cercosporella herpotrichoids Fron., causing eyespot of wheat in Great Britain. 254-64.
CALDWELL, J. The production of virus-free potatoes in the South-west of England. 265-7.
PARKIN, E.A. Symbiosis and siricid wood-wasps. 268-74.
GOUGH, H.C., & EVANS, A.C. Some notes on the biology of the click beetles Agriotes obscurus L. and A. sputator L. 275-9.
GOUGH, H.C. Laboratory and field experiments on the control of wireworms. 280-9.
ROBINSON, G.G. The quantitative interaction of spray fluid and active principle in determining the toxicity of a pyrethrum preparation to the argasid tick Ornithodorus moubata Murray. 290-300.
WAIN, R.L. The use of toxic polynitro derivatives in pest control; the estimation of dinitro-o-cresol and dinitro-o-cyclohexylphenol. 301-8.
KEARNS, H.G.H. The control of flies in country and town. 310-3.
FISHER, R.C. Furniture beetles and other wood-borers. 313-6.
WILSON, G.F. The invasion of house by earwigs and ants. 316-21.
WARE, W.M. Hop downy mildew. 322.
KEYWORTH, W.G. Verticillium wilt and virus diseases of the hop. 323.
MASSEE, A.M. Some important pests of the hop. 324-6.
MARTIN, H. The significance of the bio-assay in studies of fungicidal action. 326-8.
POTTER, C. The film technique of insecticide testing. 329.
FINNEY, D.J. Examples of the planning and interpretation of toxicity tests involving more than one factor. 330-2.

Q. Rev. Biol., 1942, 17: No. 3,

TYLER, A. Developmental processes and energetics. 197; passim.
LINDAHL, P.E. Contributions to the physiology of form generation in the development of the sea urchin. 213-27.
STRAUS, W.L., JR. Rudimentary digits in primates. 228-43.
FANO, U. On the interpretation of radiation experiments in genetics. 244-52.

8. Cancerology

J. Nat. Cancer Inst., 1942-43, 3: No. 1,

SPENCER, R.R., & MELROY, M.B. Effect of carcinogens on small organisms; exposure of bacteria to high temperatures. 1-5.
GREENSTEIN, J.P., EDWARDS, J.E. ET AL. Comparative enzymatic activity of transplanted hepatomas and of normal, regenerating, and fetal liver. 7-17.
EDWARDS, J.E., & DALTON, A.J. Induction of cirrhosis of the liver and of hepatomas in mice with carbon tetrachloride. 19-41.

WHITE, J., & EDWARDS, J.E. Effect of supplementary methionine or choline plus cystine on the incidence of p-dimethylaminoazobenzene-induced hepatic tumors in the rat. 43-59.
1 GREENSTEIN, J.P. Sulfhydryl groups in normal and tumorous hepatic tissue extracts before and after addition of salts. 61-7.
HESTON, W.E. Genetic analysis of susceptibility to induced pulmonary tumors in mice. 69-78.
HESTON, W.E. Inheritance of susceptibility to spontaneous pulmonary tumors in mice. 79-82.
BLUM, H.F., GRADY, H.G., & KIRBY-SMITH, J.S. Limits of accuracy in experimental carcinogenesis as exemplified by tumor
2 induction with ultraviolet radiation. 83-9.
BLUM, H.F., GRADY, H.G., & KIRBY-SMITH, J.S. Relationships between dosage and rate of tumor induction by ultraviolet radiation. 91-7.
WALLACE, E.W., WALLACE, H.M., & MILLS, C.A. Effect of climatic environment upon the genesis of subcutaneous tumors induced by methylcholanthrene and upon the growth of a transplantable sarcoma in C3H mice. 99-110.
3 STOWELL, R.E. Photometric histochemical determination of thymonucleic acid in experimental epidermal carcinogenesis. 111-21.
SPANGLER, J.M., MURRAY, J.M., & LITTLE, C.C. Genetics of the susceptibility of mice to a transplantable melanoma. 123-30.

9. Cardiovascular System

Am. Heart. J., 1942, 24: No. 4,

4 ROSE, O.A., BATTERMAN, R.C., & DE GRAFF, A.C. Clinical studies on digoxin, a purified digitalis glycoside. 435-57.
BATTERMAN, R.C., & ENGSTROM, W.W. Persistence of effect after digitalization by combined use of digitalis and ouabain. 458-71.
TANDOWSKY, R.M. An electrocardiographic and clinical study of lanatoside C. 472-82.
WOSIKA, P.H., JUNG, F.T., & MAHER, C.C. Urologic hypertension as an entity. 483-93.
5 UNGERLEIDER, H.E., & GUDNER, R. Evaluation of heart size measurements. 494-510.
MAZER, M. A simple method for measuring cardiac area from the orthodiagram. 511-3.
BAYLEY, R.H. An interpretation of the injury and the ischemic effects of myocardial infarction in accordance with the laws which determine the flow of electric currents in homogeneous volume conductors, and in accordance with relevant pathologic changes. 514-28.
6 HECHT, H.H. The influence of the indifferent electrode upon the precordial electrocardiogram. 529-44.
WEISMAN, S.A. Quinidine, pure quinidine, and hydroquinidine. 545-9.
HIRSCHBOECK, F.J. Aneurysm of one of the sinuses of Valsalva caused by a congenital lesion. 550-4.
STEMPIEN, S.J., & KATZ, K.H. Quinidine and potassium in the treatment of refractory paroxysmal ventricular tachycardia. 555-8.
STURNICK, M.I. An unusual toxic manifestation
7 of the oral use of quinidine sulfate. 559-61.
BRADBURY, S. Thirty years after ligation of the anterior descending branch of the left coronary artery. 562-4.

10. Chemistry; Physics

Biochem. J., Lond., 1942, 36: No. 5/6,

BACHARACH, A.L., COATES, M.E., & MIDDLETON, T.R. A biological test for vitamin P activity. 407-12.

COPE, C.L., & WOLFF, B. The ultrafilterable serum magnesium in hyperthyroidism. 413-6.

MC ILWAIN, H. Bacterial inhibition by metabolite analogues; analogues of pantothenic acid. 417-27.

MIDDLEBROOK, W.R., & PHILLIPS, H. The action of sulphites on the cystine disulphide linkages of wool; the subdivision of the combined cystine into 4 fractions differing in their reactivity towards sodium bisulphite. 428-37.

OXFORD, A.E. On the chemical reactions occurring between certain substances which inhibit bacterial growth and the constituents of bacteriological media. 438-44.

BOOTH, R.G., HENRY, K.M., & KON, S.K. A study of the antirachitic effect of fat on rats receiving high calcium-low phosphorus rachitogenic diets. 445-55.

HENRY, K.M., & KON, S.K. The vitamin D content of English butter fat throughout the year. 456-9.

MACRAE, T.F., EL-SADR, M.M., & SELLERS, K.C. The nutritive value of yeast protein; comparison of the supplementary values of yeast protein and casein for maize protein in the nutrition of the pig. 460-77.

BRADY, T. Adenosine deaminase. 478-84.

UTTER, M.F., & WERKMAN, C.H. Dissimilation of phosphoglyceric acid by Escherichia coli. 485-93.

MYSTKOWSKI, E.M. The oxidation of ascorbic acid in the presence of copper. 494-500.

WOODS, D.D., & TRIM, A.R. Studies in the metabolism of the strict anaerobes; the metabolism of amino-acids by Cl. welchii. 501-12.

LOOFBOUROW, J.R., WEBB, A.M., ET AL. Proliferation-promoting intercellular hormones; relation of aeration to the activity of proliferation-promoting factors from injured cells. 513-8.

DOERY, H.M. The estimation of iodine in thyroid gland material; an examination of Kendall's method of combustion. 519-25.

BIRKINSHAW, J.H., FINDLAY, W.P.K., & WEBB, R.A. Biochemistry of the wood-rotting fungi; the production of methyl mercaptan by Schizophyllum commune Fr. 526-9.

BANERJI, G.G., & YUDKIN, J. The vitamin-B_1 sparing action of fat and protein; the oxidation of pyruvate by the tissues of symptom-free rats on diets deficient in vitamin B_1. 530-41.

11. Dentistry; Stomatology

J. Dent. Res., 1942, 21: No. 4,

BURRILL, D.Y. Relationship of blood plasma vitamin C level to gingival and periodontal disease. 353-63.

MILLER, S.C., & SEIDLER, B.B. Relative alveoloclastic experience of the various teeth. 365-71.

ROSENTHAL, S.L., & GOOTZEIT, E.H. The incidence of B. fusiformis and spirochetes in the edentulous mouth. 373.

FOLEY, G., & ROSEBURY, T. Comparative infectivity for guinea pigs of fusospirochetal exudates from different diseases. 375-8.

SCHLACK, C.A., HEMPHILL, C.D., & TAYLOR, D.M. Effect of drying on bacterial counts of oral mucous membranes. 379-81.

GORE, J.T. Potential acidity and impermeability of spontaneously precipitated salivary mucin. 383-5.

KLATSKY, M. Masticatory stresses and their relation to dental caries. 387-90.

SHAPIRO, H.H., LEFKOWITZ, W., & BODECKER, C.F. Role of the dental papilla in early tooth formation. 391-4.

SICHER, H. Tooth eruption; axial movement of teeth with limited growth. 395-402.

DIAMOND, M., & APPLEBAUM, E. The epithelial sheath; histogenesis and function. 403-11.

COHEN, J.T., OLIVER, C.P., & BERNICK, S. Dental studies of triplets. 413-20.

KRASNOW, F. Elevated salivary protein in caries and erosion. 421.

ZEGARELLI, E.V. Origin of adamantoblastomas. 421.

MILLER, O., COHEN, M., & DARLINGTON, C.G. A study of the effect of extra-oral trauma on the tooth and surrounding structures. 422.

ZISKIN, D.E., & DRUCKER, L. Amelioration of estrogenic hormone effect upon the oral mucosa of rhesus monkeys with large doses of vitamin A. 422.

J. District of Columbia Dent. Soc., 1941-42, 16: No. 1,

SMITH, C. The present day relation or differences between the general practitioner and the oral surgeon. 6-12.

BAUER, J.C. Space retention in the deciduous arches. 13-7.

STOWE, L.R. Pilp death from shock. 18-20.

DERZAVIS, J.L. Contact dermatitis of the hands in dentists. 23-5.

J. District of Columbia Dent. Soc. 1941-42, 16: No. 2,

FIELD, H.J., & ACKERMAN, A.A. Intraosseous drainage in the management of acute anterior teeth. 7-11.

KAZANJIAN, V.H. Primary care of injuries of the face and jaws. 11-6.

BRAUER, J.C. The treatment and restoration of fractured permanent incisors. 19-21.

BARTELS, H.A. Guttapercha cones as bacteriostatic agents. 27.

SWEET, P.S. Some legal aspects of radiodontics. 33-6.

J. District of Columbia Dent. Soc., 1941-42, 16: No. 3,

SPURLIN, R.P., JR. The use of language to control child behavior in the dental office. 13-7.

MC CAULEY, H.B. Nuclear disintegration; science's new gift to dentistry. 25-8.

WHAT every dentist should know about the use of drugs. 29-32.

BOTTAZZI, E.J. Fundamentals essential to restorative dentistry. 33-7.

PARKER, D.S. Emergencies; first aid. 38-51.

Oral Hyg., Pittsb., 1942, 32: (Oct.)

BYRNE, T.J., JR. Your war damage protection; coverage under war damage policies is explained by an insurance counselor. 1328.

TIME (A) for dentists who enter Army service changing from civilian to military life requires rapid adjustment. 1332.
ORRIES, J. New York State law revised to protect dentists; one state noe recognises a dentist's right to withhold certain professional information when giving testimony in court. 1337-40.
BRIDE, W.C. Contract dentistry for children. 1342.
STITUTE (An) of war medicine and surgery for dentists; valuable course offered in Chicago to prepare dentists for war service. 1346-8.

12. Dermatology

rch. Derm. Syph., Chic., 1942, 46: No. 4,

OSTA, O.G., & JUNQUEIRA, M.A. Epidermodysplasia verruciformis, Lewandowsky and Lutz; report of two cases. 469-79.
INECTOR, W., & BLUEFARB, S.M. Familial occurrence of acrodermatitis atrophicans chronica; report of two cases. 480-2.
ALZ, F. Hemorrhagic syphilis. 483-8.
HARACHE, H. Spiegler-Fendt sarcoid. 489-95.
ROS-BROWN, M. Superfluous hair; removal with monopolar diathermy needle. 496-501.
LOFGREN, R.C. Erythema of the palms associated with pregnancy. 502-11.
COMVILLE, C.B., & MARSH, C. Cerebral lesions following administration of neoarsphenamines; multiple symmetric foci of hemorrhagic necrosis of the brain. 512-33.
FOX, H. Standard nomenclature of disease. 534-40.
OPPENHEIM, M. Dermatitis striata pratensis bullosa, grass or meadow dermatitis. 541-51.
FOX, H. A case of leprosy of sixty-one years' duration. 552.
MORSE, J.L. Course in occupational dermatoses by Dr. Louis Schwartz. 554.
CONFERENCE on Venereal Disease Control Needs in Wartime. 556.
GREENBAUM, S.S., & SHAFFER, B. Trichoepithelioma with basal cell epithelioma. 564.
THOMAS, C.C. Sarcoidosis subcutaneous nodules only, and involvement of the right lacrimal gland? Mikulicz syndrome. 564.
BECKER, D.A. A case for diagnosis. 565.
GUEQUIERRE, J.P., & GREENBAUM, S.S. Periarteritis nodosa. 566.
PILLSBURY, D.M. & LENTZ, J.W. Keratosis plantaris, symmetric. 566.
TWINING, H.E. Pemphigus vegetans with possible arsenical keratoses. 567.
JOHNSON, L.M. Hydrarthrosis, intermittent. 568.
GUEQUIERRE, J.P. Melanoma; blue nevus? 569.
NICHOLAS, L. Necrobiosis lipoidica diabeticorum. 570.
GREENBAUM, S.S. Pemphigus vulgaris in mother and daughter. 571.
WRIGHT, C.S. Xanthoma tuberosum; results of low fat diet. 571.
BACKUS-JORDAN, C. A case for diagnosis, lupus erythematosus? pemphigus? folliculitis decalvans? 572.
KRAUSE, M.E., & HEISEL, E.B. Tertiary syphilis of the skin; gumma of the lip. 572.
HEISEL, E.B., & KRAUSE, M.E. Laurence-Moon-Biedl syndrome; seborreic dermatitis. 573.
HEISEL, E.B., & KRAUSE, M.E. Lymphogranuloma venereum with rectal syndrome and esthiomene. 574.

HEISEL, E.B., & KRAUSE, M.E. Sarcoidosis. 575.
KRAUSE, M.E., & HEISEL, E.B. Scleroderma with calcinosis. 576.
SCHMIDT, O.E.L. Lichen planus atrophicus. 577.
KRAUSE, M.E., & HEISEL, E.B. A case for diagnosis. 578.
STHOUD, G.M. A case for diagnosis. 579.
NETHERTON, E.W., & CURTIS, G.H. Reynaud's disease with subcutaneous calcium deposition in the fingers; hereditary multiple telangiectasses. 579.
NETHERTON, E.W., & CURTIS, G.H. Erythema multiforme cured by cholecystectomy. 580.
NETHERTON, E.W., & CURTIS, G.H. Erythema multiforme. 581.
NETHERTON, E.W., & CURTIS, G.H. Balanitis xerotica obliterans. 582.
NETHERTON, E.W., & CURTIS, G.H. Oil acne. 583.
NETHERTON, E.W., & CURTIS, G.H. Meralgia paraesthetica. 584.
NETHERTON, E.W., & CURTIS, G.H. Blastomycosis. 584.
NETHERTON, E.W., & CURTIS, G.H. Pyoderma gangraenosum. 585.
NETHERTON, E.W., & CURTIS, G.H. Monocytic leukemia with oral lesions. 586.
NETHERTON, E.W., & CURTIS, G.H. Cheilitis of undetermined cause. 586.
FRASER, F. Cutaneous manifestations in Hodgkin's disease? 587-9.
LEWIS, G.M. Melanoderma; acneform eruption, tar? 589.
WOLF, J. A case for diagnosis; lichen planus with pigmentation? erythema multiforme bullosum? dermatitis herpetiformis? 590-2.
FRASER, J.F. Chronic benign familial pemphigus. 592.
MACKEE, G.M A case for diagnosis; erythroplasia? 592-7.
ABRAMOWITZ, E.W. Contact dermatitis, telephone receiver? 597.
CORNBLEET, T., & SCHORR, H.C. A case for diagnosis; parapsoriasis? 598.
KAHN, D., & BECKER, S.W. A case for diagnosis; atypical sarcoid? 599.
OLIVER, E.A., & BLUEFARB, S.M. Lupus vulgaris with pulmonary tuberculosis. 600-2.
CARO, M.R. Urticaria pigmentosa. 602.
OLIVER, E.A., FELSHER, I.M. A case for diagnosis, epithelioma? lupus erythematosus? 603.
DORNE, M., & ZAKON, S.J. Pigmented hairy nevus, bathing trunk type, with multiple satellites. 604.
OMENS, D.V., OMENS, H.D., & OTSUKA, M. Sarcoid of Boeck. 605.
EBERT, M.H. A case for diagnosis. 606-8.
FINNERUD, C.W. Folliculitis keloidalis of the chin; secondary to sycosis vulgaris? 608.
OPPENHEIM, M., & COHEN, D. Fibromata dura with a diffusely involved adherent area. 608.
WHITE, C.J., & WELFELD, J. Microsporon type of tinea capitis with grouped papular microsporid. 609.
PERSKY, A.M. Xanthoma tuberosum multiple X with myxedema. 610.
SKEER, J. Erythema induratum. 611-3.
SILVERS, S.H. Xeroderma pigmentosum with hydroa-vacciniforme-like lesions. 613.
FEIGENBAUM, H.L. Lupus erythematosus with oral lesions. 614.
FEIGENBAUM, H.L. A case for diagnosis; granuloma annulare? dermatitis medicamentosa? 614.
SILVERS, S.H. Granuloma annulare. 615.

FRUCHTBAUM, L.M. A case for diagnosis; urticaria pigmentosa? 616.
WALZER, A. Circumscribed scleroderma. 616.

Dermatologica, Basel, 1942, 85: (June)

SCHNETZ, A. Bakteriologische und serologische Untersuchungen zur Frage der Gonorrhoebehandlung durch Cibazol. 377-402.
MIDANA, A. Sclero-atrofia bilaterale del testicolo da virus della malattia di Nicolas-Favre. 403-10.
DARABOS, L. Ein Fall von Tintenstiftnekrose. 411-4.
ROBERT, P. Infektionskrankheiten der Haut; ausser Tuberkulose und Lepra. 415-35.

13. Diagnosis; Clinical Methods

J. Lab. Clin. M., 1942-43, 28: (Oct.)

BERNSTEIN, M., LE WINN, E.B., & SIMKINS, S. Heart disease and liver function. 1-6.
LESLIE, A. A simplified bedside test for latent jaundice. 6.
BURCHELL, H.B. Observations on additional instances of a supernormal phase in the human heart. 7-10.
GELPERIN, A., & KESSLER, D. Percutaneous typhoid prophylaxis. 11-3.
CUTTS, M., & TROPPOLI, A.V. Acquired drug resistance in the hemolytic streptococcus. 14-6.
UCKO, H. Clinical experiences with a modification of the Takata reaction in blood and cerebrospinal fluid. 17-27.
PELNER, L. The effect of ascorbic acid, vitamin C, on the sensitivity to salicylates in a case of rheumatic fever. 28-30.
TOBOLOWSKY, N. SLAUGHTER, D. ET AL. Effect of trasentin A, trasentin. and morphine on respiration. 31-8.
MALONEY, A.H. Further studies on glucopyline. 38-43.
BRONSTEIN, L.H. Carcinoma of stomach developing in pernicious anemia. 44-9.
MAC FATE, R.P. Guanidine and its relationship to muscular dystrophy. 50-65.
PAGE, R.C., BERCOVITZ, Z., & DE BEER, E.J. A comparative study of dextrose and dextrin tolerance in patients with chronic ulcerative colitis. 66-70.
CANTAROW, A., & WIRTS, C.W. Hyperbilirubinemia following administration of sulfonamides. 71-4.
NICHOLS, R.E. A study of the phenomenon of erythrocyte sedimentation. 75-88.
AGGELER, P.M., LUCIA, S.P., & HAMLIN, L.M. Blood clot retraction; measurement of the extracorpuscular volume of the clot. 89-97.
HUNT, G.A. Dry buffer salt mixtures for use in biological preparations. 97.
NOLAN, L.E. A comparison of the Rytz, Kahn, and complement fixation tests for syphilis in a large series of adult males. 99.
MATTOX, W.E., & LEIGHTY, J.A. Blood plasma pipette. 101.
SCHWARTZMAN, G., & BIERMAN, W. A technique for the even distribution of gases through bacterial cultures. 102-4.
DAVISON, W.C. Relation of the concentration of starch suspensions to their use as substrates for the amylase of the duodenal contents of infants. 105-9.
CARRYER, H.M., & OSTERBERG, A.E. A method for the determination of certain sulfonamides in bile. 110-2.

SIMMS, H.S., ZWEMER, R.L., & LOWENSTEIN, B. An osmometer for use with serum and its substitutes. 113-8.
BLOCK, W.D., & BUCHANAN, O.H. The microdetermination of gold in biological tissues. 118-20.
HOLMES, F.E. A storage vessel for blood. 121.

14. Dietetics; Foods; Nutrition

Am. J. Digest. Dis., 1942, 9: No. 10,

BARBORKA, C.J. Nutritional problems in wartime. 309-12.
EUSTERMAN, G.B., KIRKLIN, B.R., & MORLOCK, C.G. The nonfunctioning gastro-enteric stoma; diagnostic study of 62 surgically demonstrated cases. 313-7.
CHURCH, R.E., & HINTON, J.W. Follow-up results in sub-total gastric resection for ulcer. 317-21.
WILKINSON, S.A. The obstructed peptic ulcer. 321-7.
BERCOVITZ, Z. A summary of preventive methods in certain tropical diseases. 327-9.
MC GEE, L.C., MC CAUSLAND, A. ET AL. Metabolic disturbances in workers exposed to dinitrotoluene. 329-32.
CORNELL, A., HOLLANDER, F., & WINKELSTEIN, The efficacy of the drip method in the reduction of gastric acidity. 332-8.
KRAEMER, M., & TOWNSEND, L. Chronic gastric ulcer in a 6 year old child. 338-40.
SCHINDLER, R., & SMITH, W.M. Anacidity and gastritis associated with gastric carcinoma. 340-2.
SCHIFRIN, A., TUCHMAN, L., & ANTOPOL, W. Diagnostic value of serum cholinesterase determinations in jaundice and in cirrhosis of the liver. 342-7.
HEYD, C.G. A consideration of the hepaticorenal syndrome. 348-50.
ZETZEL, L., BANKS, B.M., & SAGALL, E. Intestinal absorption of an amino-acid mixture in patients with chronic idiopathic ulcerative colitis and enterocolitis. 350-2.
LEVY, J.S., & SILER, K.A. Clinical studies of amino acids; the effect of oral administration of a solution of an amino acids mixture on gastric acidity. 354-6.
KRAEMER, M. The use of sulfaguanidine for ulcerative colitis. 356.

17. Forensic Medicine; Toxicology

J. Crim., Chic., 1942-43, 33: No. 3,

ORFIELD, L.B. Supreme Court decisions on federal criminal procedure. 219-44.
MONROE, D.G. When a soldier breaks the law. 245-54.
FEDERAL prisoners would grow rubber in jungles of Brazil. 255.
MAC NITT, R.D. In defense of the electrodermal response and cardiac amplitude as measures of deception. 266-75.
KIRK, P.L., & GAMBLE, L.H. Further investigation of the scale count of human hair. 276-80.
WILSON, C.M. Registry for rare chemicals established, 283.

21. History; Biography; Bibliography

Diplomate, 1942, 14: No. 6,

JOHNSON, V. The significance of war-time acceleration in medical education. 207-16.
PIERSOL, G.M. Arteriosclerosis social significance and recent advances in treatment. 217-27.
MUNCIE, W. The relation of mental health to general health. 237-42.
RUSSELL, F.F. Medicine and public health in our program of national defense. 243-8.

23. Hospitals
